

**METROPOLITAN
UNIVERSITY**
COLLEGE OF MEDICINE

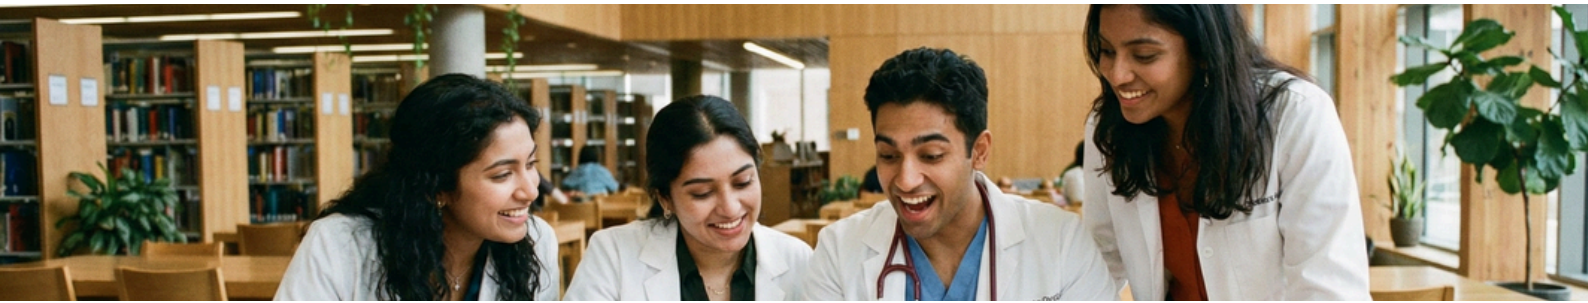

Your Medical Degree. Global Recognition.

The most affordable CAAM-HP accredited and ECFMG recognized Doctor of Medicine program in the Caribbean, preparing globally competent physicians.

Recognized and Accredited by

WHY CHOOSE MUCM

Six Reasons to Begin Your Medical Journey With Us

Affordable Excellence

Save up to \$150,000+ compared to medical schools in the USA, Canada, and UK - while maintaining recognized accreditation standards.

Internationally Accredited

Listed in WDOMS, accredited by CAAM-HP under WFME standards, and recognized by ECFMG ensuring global recognition and licensing eligibility worldwide.

Global Career Pathways

Graduates eligible for USMLE (USA), MCCQE (Canada), PLAB (UK), NMC (India), CARICOM (Caribbean), and HPCSA (South Africa) licensing examinations.

Small Class Sizes

Limited enrollment ensures personalized mentorship, individualized feedback, and direct faculty access. Approximately 1:8 faculty-to student ratio for optimal learning.

Structured Clinical Training

Hands-on clinical rotations at accredited US and Caribbean hospitals. Students develop real-world patient care competence under experienced physician supervision.

Holistic Admissions

No entrance exam required. We evaluate academic performance, personal essays, references, and commitment to medicine identifying students with genuine passion.

THE PROVEN PATHWAY

Why Study Medicine in the Caribbean?

For over four decades, Caribbean medical schools have been a proven pathway to medical practice worldwide. Thousands of Caribbean-trained physicians are currently practicing in the United States, Canada, the United Kingdom, and across the globe. The Caribbean model combines rigorous North American-modeled curricula with international accreditation standards, creating graduates who are fully prepared for global medical practice.

Globally Recognized Degrees

North American-Modeled Curriculum

Accelerated Admission Pathways

Small Class Sizes

Diverse Clinical Exposure

English-Speaking Environment

Over 25,000 Caribbean-trained physicians are currently practicing in the United States alone. Caribbean medical education is not an alternative pathway - it is a proven, established route to a global medical career with decades of demonstrated success.

DOCTOR OF MEDICINE (MD)

Two Pathways. One World-Class Degree.

MUCM offers two structured MD pathways both leading to the same internationally recognized Doctor of Medicine degree. The curriculum is modelled after leading North American medical schools with integrated preparation for USMLE, MCCQE, PLAB, and other international licensing examinations

5-Year Doctor of Medicine (MD)

Pre-Med + Basic Sciences + Clinical Sciences for students entering after secondary education.

PM1-PM3 (Year 1)**MD1-MD5 (Year 2-3)****CS1-CS6 (Year 4-5)**

Entry : High school diploma with science subjects **Semesters :** 14 total **Entrance Exam :** Not required

4-Year Doctor of Medicine (MD)

Basic Sciences + Clinical Sciences for students with prior university-level science education.

MD1-MD5 (Year 1-2)**CS1-CS6 (Year 3-4)**

Entry : Bachelor's degree or 90+ credit hours **Semesters :** 11 total **Entrance Exam :** Not required

4-Year MD Program

For students with a bachelor's degree

ENTRY REQUIREMENTS

Bachelor's degree with prerequisite science courses (Biology, Chemistry, Organic Chemistry, Physics, Biochemistry). Minimum GPA 3.0 or higher.

CURRICULUM STRUCTURE

Year 1-2: Anatomy, Physiology, Biochemistry, Pharmacology, Pathology, Microbiology

Year 3-4: Clinical Rotations in Internal Medicine, Surgery, Pediatrics, OB/GYN, Psychiatry, Family Medicine

5-Year MD Program

Pre-Med + MD (direct from high school)

ENTRY REQUIREMENTS

High school diploma or equivalent. No entrance examination required.

CURRICULUM STRUCTURE

Year 1: Biology, Chemistry, Physics, Mathematics, English, Study Skills

Year 2-3: Anatomy, Physiology, Biochemistry, Pharmacology, Pathology, Microbiology

Year 4-5: Clinical Rotations at accredited hospitals

CURRICULUM HIGHLIGHTS**Evidence-Based Education**

The Curriculum integrates latest research findings and clinical guidelines. Students develop critical thinking for lifelong learning.

Hands-On Clinical Experience

Supervised rotations at accredited teaching hospitals in the US and Caribbean. Real patient care from Year 3 onwards.

Licensing Exam Preparation

Dedicated USMLE, MCCQE, and PLAB preparation. Practice exams and test-taking strategies throughout clinical years.

Research Opportunities

Faculty-mentored research projects, journal clubs, and publication opportunities to strengthen residency applications.

FROM CLASSROOM TO HOSPITAL

Clinical Training & Clerkship Sites

MUCM's clinical training program places students in accredited teaching hospitals across the United States and Caribbean. Under the supervision of experienced attending physicians, students develop the clinical competence and confidence required for residency programs and independent medical practice.

CORE CLINICAL ROTATIONS

Internal Medicine - 12 weeks

General Surgery - 12 weeks

Pediatrics - 6 weeks

Obstetrics & Gynecology - 6 weeks

Psychiatry - 6 weeks

Family Medicine - 6 weeks

ELECTIVE ROTATIONS

Emergency Medicine

Radiology

Anesthesiology

Dermatology

Ophthalmology

Orthopedics

CLINICAL ROTATION LOCATIONS

UNITED STATES

New York, New Jersey, Florida, Illinois, Georgia, Maryland, Texas

CARIBBEAN

Scholarships Available

Special scholarships are available for eligible students based on academic merit and financial need. Contact the admissions office at admissions@muantigua.org to learn more about available scholarship opportunities.

THE SMART INVESTMENT

Total MD Program Tuition Comparison (4-Year Equivalent, USD)

MUCM provides the same CAAM-HP/WFME accredited education, ECFMG recognition, and USMLE eligibility as the most expensive medical schools - at a fraction of the cost. The chart below compares total program tuition for an equivalent MD degree.

All fee figures are approximate and for comparison purposes only. Pricing is based on data available as of April 2026 and may vary over time.

Same Pathway. Same Quality. Fraction of the Cost.

MUCM provides the same CAAM-HP/WFME accredited education, ECFMG recognition, and USMLE eligibility as the most expensive Caribbean medical schools - at up to **\$150,000+** less. Your degree carries the same weight. Your licensing pathway is identical. The only difference is how much you pay.

RETURN ON INVESTMENT

MUCM graduates enter medical practice with substantially less educational debt, enabling faster financial independence and greater flexibility in choosing residency programs and practice locations based on interest rather than financial necessity. **The average US medical school graduate carries \$200,000+ in student debt.** MUCM graduates can save \$50,000 to \$150,000+ in total educational costs, translating to years of accelerated wealth building and career freedom.

ENTRY REQUIREMENTS

5-Year MD Program

- Highschool diploma or equivalent
- A-Levels, IB, or equivalent secondary education
- Strong foundation in science subjects
- No prior university degree required
- No entrance exam required

4-Year MD Program

- Bachelor's degree or minimum 90 college credits
- Biology 1 & 2 with lab (8 credits)
- General Chemistry 1 & 2 with lab (8 credits)
- Organic Chemistry 1 & 2 with lab (8 credits)
- Physics 1 & 2 with lab (8 credits)
- English/Writing (6 credits)
- Calculus or Statistics (1 semester)
- Preferred GPA: 3.0 or higher

DOCUMENTS REQUIRED

- Official Transcripts
- Valid Passport / ID
- Personal Statement
- Two Letters of Recommendation
- Passport-Size Photos
- Application Fee (\$150)

PRACTICE MEDICINE ANYWHERE

Global Licensing Pathways

An MUCM Doctor of Medicine degree opens doors to medical practice across the globe. Our WDOMS listing, CAAM-HP/WFME accreditation, and ECFMG recognition ensure that graduates are eligible for licensing examinations and medical registration in virtually every major healthcare system worldwide.

United States (USMLE)

Pass USMLE Step 1 (Basic Sciences) and Step 2 CK (Clinical Knowledge). Obtain ECFMG certification. Apply to residency programs through the NRMP Match. Practice across the United States.

Canada (MCCQE)

Pass MCCQE Part 1. Apply for provincial medical licensing. Enter residency through CaRMS. Practice across all Canadian provinces and territories

United Kingdom (PLAB / GMC)

Pass PLAB 1 (Knowledge) and PLAB 2 (Clinical Skills). Register with the General Medical Council (GMC). Enter Foundation Year training. Practice in the UK and Crown Dependencies.

India (NMC / FMGE)

Pass the Foreign Medical Graduate Examination (FMGE) / NMC Screening Test. Register with the National Medical Commission. Practice in India.

South Africa (HPCSA)

Register with the Health Professions Council of South Africa. Complete board examinations. Enter community service. Practice in South Africa.

CARICOM Nations

Direct recognition across Caribbean Community member states including Jamaica, Trinidad & Tobago, Barbados, Guyana, and others. Streamlined registration process.

Middle East (UAE, Saudi, Qatar)

WDOMS listing enables registration with national health authorities including DHA (Dubai), HAAD (Abu Dhabi), SCFHS (Saudi Arabia), and QCHP (Qatar).

Africa & International

WDOMS recognition enables licensing pathways in Nigeria (MDCN), Ghana (MDC), Kenya (KMPDC), and other African nations. Additional pathways available globally.

One Degree. Every Pathway. Your MUCM MD opens doors to medical practice on every continent.

Need Help with Licensing? MUCM provides dedicated licensing exam preparation support, including USMLE Step 1 and Step 2 CK review courses, PLAB preparation guidance, and personalized advising for students pursuing practice in specific countries. Contact admissions@muantigua.org for details.

LIFE ON THE ISLAND

Campus, Facilities, Student Life, Safety & Wellbeing

A MODERN LEARNING ENVIRONMENT IN THE HEART OF THE CARIBBEAN

The Metropolitan University College of Medicine campus in Antigua offers a dynamic and supportive academic environment designed to nurture future physicians. Located in the vibrant capital of St. John's, the campus blends modern infrastructure with the calm, inspiring surroundings of the Caribbean.

CAMPUS FACILITIES

- Modern Lecture Halls** - AV-equipped classrooms

- Science Laboratories** - Anatomy, biochemistry, micro

- Simulation Lab** - Clinical skills training center

- Medical Library** - Digital and physical resources

- Student Lounge** - Recreation and study areas

- Campus Housing** - On-site dormitories

WHY ANTIGUA?

- English-Speaking Nation** - No language barriers

- Low Crime Rate** - One of the safest

- 365 Caribbean islands 365 Beaches** - One for every day of the year

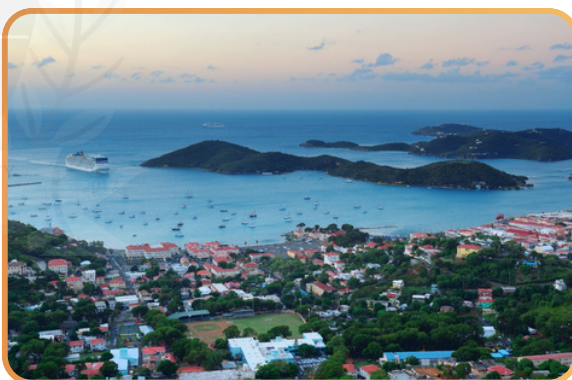

- Stable Democracy** - Independent since 1981

- Modern Healthcare** - Mount St. John Medical Centre

- Rich Culture** - Carnival, sailing week, heritage sites

- Healthcare Access** - Hospitals and medical facilities are available

- Welcoming Community** - Warm, multicultural community

A BALANCED & ENRICHING STUDENT EXPERIENCE

Life at MUCM goes beyond academics. The university actively promotes a vibrant and inclusive student culture where students can grow both personally and professionally.

STUDENT LIFE HIGHLIGHTS:

- Active student engagement and peer collaboration
- Student Government Association participation
- Academic mentorship and peer learning programs
- Cultural diversity and global networking

GETTING TO ANTIGUA

Visa Support & Travel Guide

MUCM provides comprehensive visa and travel support for all international students. Our admissions team assists with student visa applications, travel planning, and airport reception upon arrival in Antigua.

VISA SUPPORT

Student Visa Assistance: MUCM provides official acceptance letters and supporting documentation required for student visa applications.

Visa-Free Entry: Citizens of CARICOM nations, UK, Canada, and many other countries can enter Antigua visa-free for up to 6 months.

Arrival Support: Airport pickup, orientation, and campus tour arranged for all new students upon arrival.

ABOUT ANTIGUA

Population: ~100,000 residents

Language: English (official)

Currency: Eastern Caribbean Dollar (EC\$)

Climate: Tropical, 27-30C year-round

Airport: V.C. Bird International (ANU)

Food: International cuisine options available

Commute: Convenient travel around the island

FLIGHT CONNECTIONS FROM YOUR REGION

From USA

Direct flights from Miami, New York (JFK), Charlotte.
Major carriers: American Airlines, JetBlue, United Airlines.
Approx. 3.5 – 5 hours flight time.

From UK

Direct flights from London Gatwick (LGW). British Airways and Virgin Atlantic. Approx. 8.5 hours flight time.
Approx. 8 – 9 hours flight time.

From Africa

Connect via London or New York. Lagos/Accra/Nairobi to London to Antigua. South Africa via London Heathrow.
Approx. 12 – 20 hours total travel time.

From Caribbean

LIAT, Caribbean Airlines, and inter-island services from Trinidad, Barbados, St. Kitts, Dominica, and more.
Approx. 1 – 3 hours flight time.

From Canada

Direct flights from Toronto (YYZ). Connections via Miami or New York. Air Canada, WestJet seasonal service.
Approx. 5 – 9 hours total travel time.

From India

Connect via London, New York, or Dubai. Typical routing: Delhi/ Mumbai to London to Antigua. Approx. 18 – 24 hours total travel time.

From Middle East

Connect via London or New York. Dubai/Doha to London to Antigua. Emirates and Qatar Airways connections.
Approx. 14 – 20 hours total travel time.

From South Africa

Connect via London Heathrow. Johannesburg/Cape Town to London to Antigua. British Airways, Virgin Atlantic.
Approx. 16 – 24 hours total travel time.

Need Travel Assistance? Our admissions team can help you plan your journey to Antigua.

LEADERSHIP & VOICES

Message from Our Deans

**Dr. Gurpreet Sandhu,
MD, PhD in Molecular Medicine**

Dean, School of Medicine

"At MUCM, we are committed to training compassionate, competent physicians who will serve communities worldwide. Our curriculum prepares you not just for exams, but for a lifetime of medical practice."

**Dr. Gomattie Chunilall
MD, BSC, PGDE**

Dean, Basic Sciences

"Our basic sciences program builds a strong foundation through integrated learning, problem-based approaches, and early clinical exposure that prepares students for clinical excellence."

**Dr. Alfonso Jerry Simon
MD, Psychiatry and Addiction Medicine**

Dean, Clinical Sciences

"Clinical training at MUCM is designed to produce residency-ready graduates. Our expanding network of teaching hospitals ensures diverse, hands-on experience."

OUR CORE VALUES

Excellence

Highest standards in education

Diversity

Global perspectives and inclusion

Integrity

Ethical practice and transparency

Innovation

Modern teaching methodologies

Compassion

Patient-centered care philosophy

Service

Commitment to communities

STUDENT SUCCESS STORIES

"MUCM gave me the opportunity to pursue my dream of becoming a doctor at an affordable cost. The clinical training in the US prepared me exceptionally well for residency."

Adaeze O.
Nigeria

"The faculty at MUCM are incredibly supportive. Small class sizes meant I always had access to professors. I felt prepared and confident taking my USMLE exams."

James T.
England, UK

"Coming from India, I was looking for an affordable, accredited medical school. MUCM exceeded my expectations – the curriculum is rigorous and globally recognized."

Priya S.
India

"As a transfer student, MUCM made the transition seamless. The admissions team evaluated my credits fairly and I was able to continue without losing progress."

Marcus D.
USA

"Studying in Antigua was an incredible experience. The island is safe, beautiful, and the MUCM community became my second family during my medical journey."

Keisha W.
Trinidad & Tobago

"MUCM's global licensing support helped me navigate the PLAB process for UK practice. The dedicated advising made all the difference in my career path."

Ahmed K.
Saudi Arabia

Metropolitan University College of Medicine

"Empowering future physicians through accessible, accredited, and globally recognized medical education."
